Two guest speakers on Drip Distribution gave presentations on drip distribution, Ralph DeFazio from the Chester County Health Department and David Linahan from Yerkes Associates, Inc.

- A. Alternative septic system to sand mounds and spray as a possible method of choice.
- B. System used on most types of properties as an alternative to sand mounds with iffy soils.
- C. Research done in Wisconsin and process used in agricultural areas as well as in Israel; a system that has been around for 30 years.
- D. Computer driven and reliable.
- E. Process is all in delivery system. Time dosed, water release depends on soil type and quality.

- F. Placement of system is vital.
- G. System is overseen by DEP and manufacturer.
- H. County standards are upheld by manufacturer and State.
- I. No perc testing required, but thorough soil analysis is done by soil scientists, geologist (for large scale systems).
- J. Solids removal – 100 microns can be removed. Septic tank & aeration/peat filter - soil breaks down pathogens.
- K. System is back flushed each cycle to prevent clogging.
- L. More planning is required for large scale projects
- M. Operation and Maintenance agreement with Municipality which contracts with the maintenance provider.
- N. System in Bridlewood in Thornbury Township has been operational for 4 years
- O. Possible problems – blown fuse, clogged tube – replace tube by laying a new one next to old; filter maintenance for residential systems is necessary.
- P. Land area can be used as open space for passive recreation, e.g.,– dog walk, Frisbee, etc,
- Q. Act 537 Plan – large system recommend to be contracted out.
- R. 16 community systems operating, more in construction in PA.
- S. Certified technicians oversee the systems.
- T. Systems are designed for specific use and must be treated as such, i.e., if area is used for play (football, etc.) fields should not be mowed too closely.
- U. System does not require replacement area, as for spray irrigation systems.

Compost Ordinance – Public hearing was held mid-October concern was on Hazardous waste - PC recommends that MSDS be made available in safe location for fire department. Specific editorial changes/revisions: Ordinance (1800.1, 1801 4th page, paragraph 3, change " exiting" to existing; Combine the definitions of landscape and screening in Nos.5 & 10. Motion to send to BOS with revisions by Vice Chairman J. Bauer seconded by M. Rebert Aye; M. Russo, J. Bauer, A. Miller, M. Rebert, T. Olivieri, C. Lee Nay -0-

Horses Per Acre - Court rules change from 3 acre to 2 acre per horse is OK. Clarification on language of increments needed – 1 horse/ 2ac, 2 horses/ 3 ac., etc. 10 acres plus is considered agriculture and therefore we cannot regulate the number of large animals on tracts of 10 acres or more. Recommend to send to Winnie Sebastian to review, amend to change from 3 to 2 acres/animal, and then adjust the increment language. Questions about gross/net acreage. 401B.1 Sec. B. Motion by Vice Chairman J. Bauer seconded by T. Olivieri Aye; M. Russo, J. Bauer, A. Miller, M. Rebert, T. Olivieri, C. Lee Nay -0-

Ordinance Review

Noise Ordinance – Nothing further

Erosion and Sediment Control Permit – Permit not for subdivisions, is not for stormwater. 1000sf. + would need permit. Motion by T. Olivieri, seconded by J. Bauer to send to the BOS for evaluation, before CCPC review..

D. Elkdale Development– Jahan thanked guest speakers for Drip distribution info. Ongoing issues about open space and OASA. Open space area has been revised excludes drip area. Spence Andress reported that the lots are smaller, the area around wetlands has been increased, and that the revised plan meets open space requirements. The lot size is approximately 1/4 ac., and there is a private road to the farm. Recommendation from PC to make two roads onto Little Elk Creek Road into one because of possible problems for school busses and also egress onto Little Elk Creek Road. A traffic impact study may be needed. Work is needed on the top right cul-de-sac. Working with Sewer Authority on approvals. Constitutes a change in preliminary plan. Concerns about waivers. No motion was made.

M. Freeze/Featherman Tract -- Reviewed information with REA. Would like a joint session with BOS/PC to review. Soils are possibly high quality. J. Bauer rescues himself from decisions as his wife works for Beiler Campbell.

Correspondence

Jacob Stoltzfus - Proposal for creation of an agricultural security act. November 9, 2004 hearing.

Barness Organization -- Randy Shower representing the Barness Organization. 100 ac.+ tract. Density concerns voiced. Zoning Ordinances currently don't allow

for age-qualified overlay district. Barnes suggested ENT consider amendment to current ordinance. Presented PC with information.

Kim Galli, Century 21- PC recommendation is that this is a matter for the BOS and township solicitor to determine.

The meeting was adjourned at 10:17pm.

Respectfully Submitted,

Andrea Hingley
Assistant Zoning Officer
