Ordinances

There was some general discussion about tightening up the Zoning Ordinance, in general, and that the Planning Commission should attend the Work Sessions, as that is when these discussions will be taking place. There was some discussion about TDR, Open Space, and Clustering.

Joe Bauer suggested that everyone come to the next work session. PJ will send a reminder out the week before. The PC would like to discuss Clustering, Conditional Use, and Conditions for Clustering at the October Work Session.

Joe Bauer told the PC about the Conditional Use Hearing, in West Nottingham Township, for the Reid Family Partnership. Some of the property is in East Nottingham and is wetlands and unbuildable. Nottingham Homes want to expand the sale of their manufactured homes to Union Square Road. The part of the property that is in East Nottingham is not zoned for this, conditional or otherwise. But no land in East Nottingham is to be built upon. The Land Development Plan they have submitted in West Nottingham will be coming to East Nottingham for approval.

Township Engineer Review Letters

Wicklow Final Subdivision Plan

Jim Gade reviewed his letter with the Planning Commission. There will be 160 lots, using TDR. It will look like two separate subdivisions, each having its own entrance, one off of Baltimore Pike, and one off of Forge Road. The only things left to be done are the legal documents and PennDOT permits.

There is one large open space area, about 7 acres, with about 1.7 acres of it to be dedicated to active open space. There are also several other smaller areas that will also be open space. The Applicant will have to come in front of the Township to say what the use will be for those 7 acres, in

particular. The applicant also still needs to submit an Open Space Management Plan. Spence Andress, at that time, gave PJ Scheese this document.

Actual improvements have not yet been discussed. There are still some technical issues to be ironed out. The lower part of the plan will be an age restricted community. The upper part will not be age restricted and this is where the active open space will be. The Homeowners Association will own and operate the open space.

PennDOT will require Highway Occupancy Permits for both entrances. An Improvement Guarantee still needs to be drawn up and agreed upon. Maintenance agreements for easements and storm water management still need to be written and reviewed. Street lights need to be approved by the Township. The Fire Marshall has responded regarding the necessary fire hydrants.

At this point Cliff Lee had to leave for a business conference call.

A motion was made by Walt Leis, seconded by Janice Gavin, to take no action. The motion carried.

Aye: 6 Nay: 0

Walt Leis asked when the applicant will come before the Township to discuss how Open Space will be used. Spence Andress said sometime in the next couple of months.
