Engineer Review Letters

Langston - Preliminary Subdivision Plan

PJ Scheese gave a brief history of this plan, which began in October 2009. There was some discussion about the fact that the township engineer and the applicant's engineer have had discussions about this plan outside of Planning Commission meetings and review letters have been written based upon updated plans from those discussions. Whereas, other developers come to the meetings to discuss and respond to review letters. The Planning Commission is requesting that all future discussions are done in public at Planning Commission meetings. They have requested that both engineers come to the next PC meeting on March 27th, to respond to questions they have.

Newest PC member, Jake Yohe, voiced concerns about the grading of the roads. He, Tom Faux, and Marc Arot have requested the plan be sent to them in a pdf.
